INFORMATION

SUBJECT: FAIR HOUSING SEMINAR FOR APARTMENT OWNERS AND MANAGERS

On January 26, 2005, the City of San José Housing Department in collaboration with Tri-County Apartment Association, Asian Law Alliance, Bay Area Legal Aid, Legal Aid Society of Santa Clara County, Project Sentinel and Fair Housing Law Project, will be providing a free educational workshop for apartment owners and managers on their rights and responsibilities under the State and federal fair housing laws. The workshop will cover how the fair housing laws apply to the various stages of rental management including, advertising, screening and leasing, and tenancy. This event brings together, for the first time, the City, local fair housing service providers, and the area's rental housing trade association, in a cooperative effort to prevent fair housing violations.

Attached please find an invitation to participate in this exciting event. The workshop will be held on Wednesday, January 26th, 2005, 6:00-8:00 p.m. at the Northside Community Center, 488 North 6th Street (at Empire St.), San José, CA 95112. If you or your constituents are interested in attending or have any questions, please contact Jessica Scheiner at 408-277-2902.
